

# Ryan Warke

Developer & Designer

ryanwarke.co.uk | +44 (0) 79122 91007 | hello@ryanwarke.co.uk

An Interactive Multimedia Design graduate who is driven by innovation, creativity and the need to excel in a fast-paced technological landscape. Has a strong eye for aesthetics and detail, whilst also being focused on developing tangible solutions in the back-end. Searching for a role within a progressive organisation with a proven track record.

## Education

### **Interactive Multimedia Design BSc (Hons) - 1st Class Honours**

Ulster University 2012 - 2016

### **A-Levels: ICT(B), History (C), Politics (C)**

Royal Belfast Academical Institution 2010 - 2012

## Work Experience

### **IT Graduate Associate**

Citi August 2016 - Present

- Completed 8 weeks intensive technology training within the Citi Technology Academy.
- Training components included: Java, SQL, JavaScript, jQuery, HTML, CSS and Unix along with in-depth tuition of banking and the financial sector.
- Placed in the XMC ETL team on completion of the Citi Technology Academy. This team's focus and responsibility centres around ETL (Extract, Transform & Load) development.

### **Interactive Designer**

iCON Creative May 2014 - June 2016

Continued working with the company I spent my placement year with. Icon are a small creative studio, based in Lisburn, who are focused on delivering high quality projects for their clients.

- Designing, developing and maintaining websites for new and existing clients.
- Ensuring websites are cross-browser and cross-device compatible.
- Using backend development languages, such as PHP, to develop bespoke web applications.
- Liaising with the Creative Director and Marketing Manager on new business proposals.
- Working, and sharing skills, with the other members of the Icon team, facilitating both personal and professional advancement.

## **Customer Assistant**

Asda

October 2011 - May 2014

- Working as part of a team, and independently, to provide excellent customer service.
- Till handling and assisting with cash management.
- Working towards store targets.
- Using my initiative to prioritise tasks in order to keep within rigid schedules.
